STEWART DEALER INSTALLATION SHOWCASE

Elite Audio in Lexington, SC, has created amazing viewing and listening experiences for nearly 30 years. This impressive installation features a Stewart WallScreen Deluxe and FireHawk screen material.

Do you appreciate high-end home theater integrations? If so, take a look at this installation from Elite Audio. This project features a 123 inch diagonal Stewart WallScreen Deluxe with FireHawk screen material. An Epson Pro 6040UB projector rounds out the two-piece system. The sound system is anchored by a Marantz SR8012 11.2 channel AV receiver, Episode speakers, and a JL subwoofer.

The project highlights why the work of Elite Audio has been recognized over 40 times by industry-leading publications.
